

## FLEXP PHOTO POLYMER PLATE MAKING EQUIPMENT

Flexo Photopolymer Plate making Machine, Flexo Printing Plates, Flexible Printing Plate making Equipments, Letterpress Plate Making Equipment, Water Wash Flexo Plate Making Equipment, Varnish Plate Making Machine, Pad Printing Plate Making Machines, Label Printing Plate making Equipment, Stamp Making Equipment, Solvent Recovery Unit

**Function**  
Exposure + Washout + Drying + Treatment (Lightfinishing)

**Models**  
A4, A3, A2, 24"x30", 30"x40", 40"x50", 42"x60", 42"x70" & 52"x82" (custom size also available)

**Features of Exposure unit**  
Start light up high intensity lamps with unique reflector and digital timers for back/main exposure. Excellent lamps cooling / exhausting system Quick vacuum drawdown pump with indicator

**Features of Anti-tack**  
Treatment of Polymer plate is Chemical free operation, simple easy & safe and Digital timer for control timing well Equipping with high intensity/lamps and powerful air exhausting for bad odors.

**Features of Drying unit**  
Drying drawer with special designed blower for uniform heat distribution Temperature adjustable by a Digital controller unique air circulation and exhaustion design to prevent over heat protection

**Rotary Washout unit**  
Rotary washout unit is well designed for saving Solvent the concept is minimized using of solvent and get better result tank equipped with brush distance adjustable for any thickness Wrap-a-round washout gets better results Both solvent spray and steep type design Plates. (inside) Roller rotation and brush horizontal movements an easy and economy for solvent washout.

**Salient Features**  
Sturdy machine Design with Smooth Functioning With Pic Or Microcontroller base Automation With Hi efficient Tube and Reflectors and an industrial grade machine

**Plates Suitable**  
ALL MAKE OF PHOTOPOLYMER PLATES

**For Printing**  
Plastic Sack, Paper Sack, Flexible Packaging, Aluminium Foil, Tissue Paper, Corrugated Carton, Label, Stamps, Barcode, Batch Coding, Woven Sack bag, Tetra Pak etc.
